

Behavioral Health Services

When there are behavioral concerns it is advised to assess if student is established with a primary care physician and not emergency room/urgent care. Preventing health problems that make it hard for children to learn and grow.

When student is **uninsured due to higher income** consider Legacy, Innovative Alternatives, El Centro de Corazon, School clinic

When student is **uninsured due to low income** consider all agencies below except the Developmental service agencies

When student is **undocumented** consider PHC, PAHC, Harris Center, WAVE/Kruse, Innovative Altern., Legacy, Centro de Corazon.

When student has **private insurance** consider calling their health plan requesting an advocate representative

When student has **Medicaid** consider any of the options below. Medicaid recipients with severe behaviors consider YES Waiver

When student has **severe learning and behavioral** concerns consider Crisis and Developmental Behavioral Health sections
